BOARD OF GOVERNORS

By FOLIO Staff

The University's Board of Governors and its Executive Committee met April 6, 1973.

SALARY AGREEMENT REACHED

The Board gave final approval to a salary settlement ratified April 5 by the Non-Academic Staff Association. Under the agreement, all members of the non-academic staff will receive an across the board adjustment of 7 percent for the period April 1, 1973 to March 31, 1974, as well as 7 percent for the 15-month period from April 1, 1974 to June 30, 1975.

The additional three months added to the second year of the agreement was in anticipation of a change in the commencement of the University's fiscal year, from April 1 to July 1, commencing in 1974.

RESIDENCE RATES INCREASED

On the recommendation of the Finance Committee, the Board approved an increase of \$15.05 monthly in the basic room and board rates in the Lister Hall complex and Pembina Hall. The increase will become effective September 1, 1973.

Committee members pointed out that the residence halls are to operate on a break-even basis and that the higher rates are necessary to offset increases in the related costs of food, utilities, and salaries.

SELECTION OF A PRESIDENT

Members approved a recommendation from the Executive Committee of the Senate that the University Chancellor be an *ex officio* member of the Advisory Committee for the Selection of a President.

COMPUTING SERVICES NON-CREDIT COURSES

The following courses will be offered this spring by the Department of Computing Services. Interested persons may contact the department's General Office, room 339 General Services Building, 432-1261, or the Information Co-ordinator, MS. F. CRUDEN, at room 261 General Services Building, 432-1463.

Registration should be made through the General Office and should be accompanied by a fee of \$10 (\$20 for commercial clients).

CALCOMP

Date: May 8-May 22, Tuesdays and Thursdays.

Parking fees raised

The Board of Governors has approved a new schedule of parking fees designed to cover increased expenditures for the maintenance and improvement of parking lots and the costs of system design for the computerization of parking records, and to compensate for a decline in revenue from parking fines. The present and 1973-74 permit fees are as follows:

NOTICES

TENTATIVE SCHEDULE FOR IMPLEMENTATION OF ADVANCED REGISTRATION

The following notice has been received from A. D. CAIRNS, Registrar.

On February 26, 1973, General Faculties Council passed the following motion, to take effect in 1974: "That the present system of Winter Session registration at The University of Alberta be replaced by a system that permits advanced registration to take place during June and July of each year, and that an advance system of registration for senior students take place by mail or in person no later than the end of April each year."

The implication of this motion is that the final sessional timetable which has been printed in August for use in early September would, beginning in 1974, have to be printed in February for use in March. And since the timetable must include new courses and course changes, a further implication is that the deadline for final approval of new courses and course changes would have to be about October 1, 1973 rather than December 15 as in the past.

As R. G. BALDWIN, Dean of Arts, pointed out in the debate on this matter, this would probably mean that departments will have to consider changes in their course offerings as early as April, 1973, in order to have them

included in the timetable and calendars by March 1, 1974.

Since there is considerable urgency in this matter, it is felt that it would assist departments, faculties, and schools in their planning if a tentative schedule was circulated for their consideration. Such a schedule is appended.

A more detailed proposal, including cost estimates, will be presented to the Executive Committee of General Faculties Council as soon as possible. If approved, the Board will then be asked to provide the additional funds required for development, implementation, and maintenance of the system.

Tentative Schedule

August 1, 1973. Departments submit course changes to faculties for approval by this date.

August 1 to 31, 1973. Faculties approve course changes and forward to Secretariat for reproduction and circulation.

August 17, 1973. Timetabling Division of Registrar's Office sends calendar mockups to departments and faculties for revision.

September 1, 1973. Timetabling Division sends 1973-74 Course Master Timetable Register to departments for revision and up-date to provide basis for 1974-75 timetable.

September 1 to 28, 1973. Secretariat reproduces and circulates all proposed course changes submitted by faculties. Courses not challenged within three-week period are approved. Challenged courses are referred to General Faculties Council for decision.

September 28, 1973. Last day for departments to submit revised Course Master Timetable Registers to the Timetabling Division of the Registrar's Office.

October 15, 1973. Revised calendar copy from all sources should be turned in to the Timetabling Division of the Registrar's Office by this date.

November 30, 1973. First draft of the 1974-75 Course Master Timetable Register and University Schedule is sent by the Timetabling Division to departments for final revision and up-dating.

December 17, 1973. Departments return updated Course Master Timetable Register to Timetabling Division.

March 1, 1973. All individual 1974-75 faculty calendars available for distribution. *Course Registration Procedure* booklet, including the 1974-75 Timetable, available for distribution.

ANNUAL GENERAL MEETING FOR NON-ACADEMIC STAFF

WHEN IN ROME . . .

Some accommodation for non-students will be available this summer at the British School in Rome, where The University of Alberta offers Summer Session courses in the *Art of the Baroque* (J. A. FORBES instructing) and *Roman Archaeology and Civilization* (G. HERMANSEN instructing). Members of the University staff and their families are particularly welcome and may stay for varying lengths of time between July 3 and August 10.

The School's facilities, including a 50,000-volume library, will be available to both students and guests. The School is located next door to the Museum of Modern Art, almost across the street from the Villa Giulia, and close to the Pincian Gardens. It is well-served by bus to all parts of Rome. Room and breakfast at the School are provided at a rate much lower than hotel rates.

Interested persons are invited to contact M. W. MAC KENZIE, Chairman of the Department of Classics, 432-3257.

PARENTS FOR DAY CARE

Parents for Day Care is a group of concerned parents whose aims are to work for more and better day care programs in the Province of Alberta; to make extended day care services available to all those who wish to use them, regardless of family status or income; and to inform the public of the value of good day care programs as a preventive social service and as a learning experience for the individual child.

They see "extended day care programs" as covering the whole range from early infancy to after-school care for children in early grades of school.

They invite all interested people to join their group and to attend regular open meetings which will be announced in FOLIO one week in advance.

For further information please contact RON POROZNI (President, Parents for Day Care) at 433-6421, or write Box 5237, Edmonton.
